Update on Construction

The pictures show progress as at first week of August 2009. The roof and outside brick work are almost complete and windows are scheduled to be fitted over the next few weeks. Insha-Allah the building will be wind and water tight by the end of Ramadhan. That will herald a very important milestone for the project.

Many brothers and sisters have indicated to us in the past that they are keen to contribute to the finishing of the masjid. We now appeal to those brothers and sisters to make good on their pledges during the holy month as we are now in tendering process for the internal finishing jobs.

We also appeal to the brothers and sisters in the community to relay the message to their own friends and family. Claim your share of the construction of a masjid as Insha Allah this year's Ramadhan will be the last opportunity before the project is completed and we take up habitation.

Uthman (RA) reports that the prophet (sallaallahu alehi wasallam) said:

"Whoever builds for Allah a mosque, seeking by it Allah's grace, Allah will build for him a house in paradise."

This is related by al-Bukhari and Muslim

Once again we are thankful to Allah for the opportunities he has bestowed upon us.
